PROSPECTUS OF THE

NORTH CAROLINA STATESMAN. THE undersigned propose, on the first day of January next, at Raleigh, North Carolina, to begin the publication of the North Carolina Statesman, a semi-weekly and weekly paper, devoted to politics, news, and miscellaneous subjects, and respectfully solicit for it a share of the patronage of the democratic party, their friends, and the partment.

Pupils may be boarded at the College, under the special care and superintendence of the Principal. The necessary expenses of a full boarding student will be about \$190 per academic year, and of a weekly boarder will not exceed \$150.

In the field of editorial enterprise, there is ample room for those who are now holding position, as well as for others, who choose to enter into fair competition. The propagation of the principles of our party is a duty at once important, and to us peculiarly agreeable. The attractions of the editorial profession and its honorable toils, together with a desire to extend its influence, has had much weight in the decision which we have made—a profession at once dignified and elevated, where the highest intellectual gifts may find full employment, and the purest patriotism NIVERSITY OF VIRGINIA.—The next Session of this institution will open the 1st of October, and close the 29th of June following The university embraces the following schools, viz: 1, ancient languages; 2, modern languages; 3, mathematics; 4, natural philosophy, m'neralogy, and geology; 5, chemistry; 6, medicite; 7, comand geology; 5, chemistry; 6, medici e; 7, com-parative anatomy, physiology, and surgery; 8, mo-ral philosophy, rhetoric, and belles lettres, and po-litical economy; 9, law. 1st. Our purpose being to publish a paper purely democratic, according to the straightest requirements of that party, we shall advocate strict party organization in its fullest and most comprehensive sense; an organization which originates in the popular will, expressed by the people in their primary assemblies, and which has been so successfully introduced among the democracy of many of the ether States, by which the rank and file of the party are, in fact, those who indicate its decisions, and, being all brought into action, express their will imperatively: thus, by open and fair dealing. THE best and most improved Pianos and Melo-deons.—T. Gilbert & Co.'s World's Fair Pre-mium Pianos, with or without the Æolian, and with iron frames and circular scales. DR. MORSE'S
INVIGORATING CORDIAL,
Phenomenon in Medicine.—Health Restored and Life Lengthened, by Dr. Morse's
Invigorating Elixir or Cordial.

A T first the properties attributed to Professor
A Morse's Invigorating Elixir or Cordial were
deemed fabulous. The public often deceived
could not believe the simple and sublime truths announced by the discoverer. But facts, undeniable
facts, attested by witnesses of the highest class
and character, are now triumphing over all doubts.
Incredulity is overthrown by a mass of testimony
which is perfectly irresistible.

The Elixir remedies in all cases the deplorable
evils arising from a misuse of the various organs
which make up the wonderful machine called
man. It restores to full vigor every delicate function connected with that mysterious compound tion connected with that mysterious compound agency of matter and mind, necessary to the reproduction of human life. To persons of feeble muscular frame, or deficient in vital power, it is recommended as the only means of communicat-

recommended as the only means of communicating that energy which is necessary to the proper enjoyment of all the natural appetites, as well as the higher mental attributes. Its beneficial effects are not confined to either sex or to any age. The feeble girl, the ailing wife, the listless, enervated youth, the over-worn man of business, the victim of nervous depression, the individual suffering from general debility, or from the weakness of a single organ, will all find immediate and permanent relief from the use of this incomparable renovator. To those who have a predisposition to paralysis, it will prove a complete and unfailing safeguard against that terrible malady. There are many, perhaps, who have so trifled with their constitutions, that they think themselves beyond the reach of medicine. Let not even these despair. The Elixir deals with disease as it exists, without reference to causes, and will not only rewithout reference to causes, and will not only re-nove the disorder itself, but REBUILD THE BROKEN CONSTITUTION

REBUILD THE BROKEN CONSTITUTION

The derangements of the system, leading to nervous diseases, and the forms of nervous disease; and the forms of nervous disease itself, are so numerous that it would require a column to enumerate the maladies for which this preparation is a specific. A few, however, may be enumerated, viz: neuralgia tic-doloureux, headache, incipient paralysis, hysteria, palpitation of the heart, spinal affections, muscular debility, tremors, flatulence, a pricking sensation in the flesh, numbness, torpidity of the liver, mental depression, weakness of the will, indisposition to move, faintness after exercise, broken sleep, and terrifying dreams, inability to remain in one place or position, weaking of the procreative organs, sexual incompetency, melancholy, monomania, fluor albus, sinking at the stomach, female irregularities, a chronic tendency to miscarriage, gularities, a chronic tendency to miscarriage emaciation, and all complaints growing out of a free indulgence of the passions, and all barrenness that does not proceed from organic causes beyond the reach of medicine.

Whenever the organs to be acted upon a ree from malformation or strictural diseases, it

MORSE'S INVIGORATING ELIXIR MORSE'S INVIGORATING ELIXIR
Will replace weakness with strength, incapacity
with efficiency, irregularity with uniform and natural activity, and this not only without hazard of
reaction, but with a happy effect on the general
organization. Bear in mind that all maladies,
wherever they begin, finish with the nervous system, and that the paralyzation of the nerves of
motion and sensation is physical death. Bear in
mind, also, that, for every kind of nervous disease
the Elixir Cordial is the only reliable preparation
known.

CURE OF NERVOUS DISEASES. No language can convey an adequate idea o the immediate and almost miraculous change which it occasions in the diseased, debilitated, and which it occasions in the diseased, debilitated, and shattered nervous system, whether broken down by excess, weak by nature, or impaired by sickness, the unstrung and relaxed organization is at once braced, reviviñed, and built up. The mental and physical symptoms of nervous disease vanish together under its influence. Nor is the effect temporary; on the contrary, the relief is permant for the cordial properties of the medicine nent, for the cordial properties of the medicine reach the constitution itself, and restore it to its normal condition. Well may the preparation be

oalled the MEDICINAL WONDER.

Of the nineteenth century. It is, as the first scientific man in the world would have admitted that miracle of medicine heretofore supposed to have no exister

have no existence.

A STIMULANT THAT ENTAILS NO RE ACTION.

Its force is never expanded, as is the case with opium, alcoholic preparations, and all other excitants. The effect of these is brief, and it may well be said of him who takes them: "the last state of that man is worse than the first." But the Elixir is an exhilarant without a single drawback-safe in its operation, perpetual in its happy influence upon the nerves, the mind, and the entire organization; it will also remove depressions, excitement, a tendency to blush, sleeplessness, dislike of society,

incapacity for study or business.

LOSS OF MEMORY, LOSS OF MEMORY,
Confusion, giddiness, rush of blood to the head,
melancholy, mental debility, hysteria, wretchedness, thoughts of self-destruction, fear of insanity,
hypochondriasis, dyspepsia, general prostration,
irritability, nervousness, inability to sleep, diseases
incident to females, decay of the propagating functions, hysteria, monomania, vague terrors, palpitation of the heart, impotency, constipation, &c. &c., from whatever cause arising it is, if there is any reliance to be placed on human testimony

INVIGORATING CORDIAL,

DURELY Vegetable in its composition. This invaluable Cordial is extracted from Herbs and Rrtts, which have been found after years of experience, by the most skillful physicians, to be possessed of qualities the most beneficial in the diseases for which it is recommended; and hence, willst it is presented to the public as an efficacious remedy, it is also known to be of that character on which reliance may be placed as to its safety. In cases of Impotency, Homorrhages, Disordered Sterility, Menstruation, or Suppression of the Menses, Fluor Albus or Whites, or for Debility arising from any cause, such as weakness from sickness, where the patient has been confined to bed for some time, for females after confinement, abortion or miscarriage, this cordial cannot be excelled in its salutary effects; or in loss of muscular energy, irritability, physical prostration, seminal weakness, palpitation of the heart, indigestion, sluggishness, decay of the procreative functions, nervousness, &c., where a roxic medicine is required, it will be found equal if not superior to any compound ever used.

To Females.—Henry's in igorating Cordial is one of the most invaluable medicines in the many complaints to which females are subject. It assists nature to brace the whole system, check excesses, and creates renewed health and happiness. Less suffering, disease, and unhappiness among ladies would exist, were they generally to adopt the use of this cordial. Ladies who are debilitated by those obstructions which females are liable to, are restored by the use of a bottle or two to bloom and to vigor.

Young Men.—That solitary practice, so fatal to the existence of man, and it is the young who are most apt to become its victims, from an ignorance of the danger to which they subject themselves, causes

Nervous Debility, weakness of the system, and premature decay.

Henry's Invigorating Cordial, a medicine that is purely vegetable, will aid nature to restore those important functions to a healthy state, and will preve of service to you. It possesses rare virtues, is a general remover of disease, and strengthener of the system.

As a Tonic Medicine, it is unsurpassed. We do not place this cordial on a footing with quack medicines, and, as is customary, append a long list of recommendations, certificates, &c., beginning with "Hear what the Preacher says," and such like; it is not necessary, for "Henry's Invigorating Cordial" only needs a trial to prove that it will accomplish all we say.
